WHEREAS, Section 163.01, Florida Statutes, known as the "Florida Interlocal Cooperation Act of 1969," authorizes local governments to make the most efficient use of their powers by enabling them to cooperate with other localities on a basis of mutual advantage and thereby to provide services and facilities that will harmonize geographic, economic, population and other factors influencing the needs and development of local communities; and

WHEREAS, a connection between the ICW and the C51 Canal at the S155 Control Structure would provide for economic development, job creation and recreational enhancement. The connection has been referred to as the "Boat Lift" and is estimated to provide significant

economic benefit to the regional area; and

WHEREAS, the Boat Lift provides for environmental enhancement to the waterways, safe and effective portage opportunities for non-motorized recreational watercraft, and small motorized boats to access the Lake Worth Lagoon; and

WHEREAS, the current President of the Palm Beach County (PBC) League of Cities has created an initiative called Ocean to Lake Trails, focused on enhancement of the land and water trail system from the Ocean to the Lake Okeechobee Trail System; and

WHEREAS, the PBC League of Cities Ocean to Lake Trails Committee has identified the Boat Lift and the associated improvements to the ICW and the C-51 as vital to that Ocean to Lake Trails initiative; and

WHEREAS, the Palm Beach County League of Cities recognizes a significant environmental resource in the canals and lakes that must be protected and improved; and

WHEREAS, the Palm Beach County League of Cities supports improvements to the C51 Canal that would enhance the recreational uses of the Lake Worth Lagoon, ICW, C51 Canal, and the Chain of Lakes and provide for new economic opportunities and job creation; and
